Product Name: Basmati Supreme Rice, Imported from India

Description: “BASMATI RICE, LIKE FINE WINE, GETS BETTER WITH AGE”.

JYOTI Basmati Supreme is 6-12 months old and will improve with age for a few years and be good for at least five years. We don't know how it will do beyond that, but hope that you don't keep it that long ! **Jyoti Gupta, MS, RD**

“Basmati Rice is much more....aromatic and delicious, provided you get real BASMATI. Many stores sell rice called Basmati that is a relative of Basmati, grown in the United States....but they are not really as good as Indian Basmati. It's worth the effort to find the real stuff..... I got mine from JYOTI.....”

Jim Quinn, The Philadelphia Inquirer

CA prop 65 requires Rice containing foods to warn California customers about the presence of arsenic in Rice. Arsenic is known to be a carcinogen and cause birth defects.

Unfortunately, there is no provision to advise anyone that Rice is great for human body. The longest living people in the world are the Japanese, whose diet is mainly rice. In India, the first solid food ceremoniously given to an infant is rice. Yet, we must put this ridiculous warning here.
